Legislative Department.

NOTIFICATION

No 1548L—27th May, 1932 The following report of the Select Committee on the Bengal Opium Smoking Bill, 1931, with the Bill as amended by the Committee, is hereby published for general information

Report of the Select Committee on the Bengal Opium Smoking Bill, 1931.

We, the members of the Select Committee of the Bengal Legislative Council to which the Bengal Opium Smoking Bill, 1931, was referred by a motion carried in the Bengal Legislative Council on the 17th February, 1932, have the honour to submit this our report with a copy of the Bill as amended by us annexed. All matter omitted by the Select Committee has been printed in italics and enclosed in square brackets, and all new matter inserted has been underlined.

1. The Bill was published in English in the *Calcutta Gazette* on the 25th June, 1931.

2. We do not consider that the Bill has been so altered as to require re-publication.

3. The changes made in the Bill are detailed below :—

Clause 2(5).—We have reproduced the definition of the "Collector" contained in clause (*5*) of section 2 of the Bengal Excise Act, 1909, so as to make the definition more self-contained.

Clause 9—sub-clause (2).—We consider that a fee should be paid by any person who wishes to become a registered opium smoker under the proposed Act, and we have altered sub-clause (*2*) accordingly. The amount of the fee may be suitably fixed by the Local Government by rules.

First proviso.—In our opinion the age limit for a registered opium smoker should be 25 years instead of 20 years, and the first proviso has been altered in this respect.

Clause 10.—We consider it desirable to have the information recorded before the warrant is issued.

Clause 12.—We have provided that the period of detention under this clause shall be twenty-four hours instead of forty-eight hours.

Clause 13—sub-clause (4).—A slight verbal change has been made in this sub-clause.

Clause 14.—The clause appears to us to be too vague, and we have provided that bail is only to be granted if the officer making the arrest is satisfied in regard to it.

Clause 16.—In our opinion the provisions of this clause as to confiscation or destruction of property should apply on the conclusion of a trial, whether the accused person is convicted or not, and we have altered the clause accordingly on the lines of sub-section (*1*) of section 517 of the Code of Criminal Procedure. As this change affects the central subject of civil rights, it will require the sanction of the Governor-General. We recommend that the necessary steps be taken to obtain such sanction.

(*4*) As soon as an investigation by a Collector has been completed, if it appears to him that there is sufficient evidence to justify the forwarding of the accused to a Magistrate, the Collector shall submit a report (which shall, for the purposes of section 190 of the Code of Criminal Procedure, 1898, be deemed to be a police report) to a Magistrate having jurisdiction to try the case and empowered to take cognizance of offences on police reports.

Resolution on the Final Report on relief operations in the district of Tippera.

GOVERNMENT OF BENGAL.

Revenue Department.

Land Revenue.

RESOLUTION No. 427 T.—R.

Darjeeling, the 25th May 1932.

Final Report on relief operations in the district of Tippera.

READ—Letter No. 456 R., dated the 11th March 1932, from the Commissioner of the Chittagong Division, submitting a final report on the relief operations in the district of Tippera during the year 1931.

The report deals with the operations for the relief of the distress which prevailed in the district in the year 1931. The areas affected were the whole of the Matlab and Kachua police-stations, about two-thirds of the Hajiganj police-station, the northern half of the Chandpur police-station and parts of the Daudkandi, Homna, Debidwar, Muradnagar, Burichang and Chandina police-stations within the Sadar subdivision. About a lakh of people were affected.

In 1929 and 1930 successive floods in the river Gumti damaged jute and Aus paddy, the Aman paddy crop partially failed in certain areas in 1930, and in May [illegible] heavy rain damaged Aus paddy in part of Daudkandi. Thus the unsatisfactory situation due to the fall in the price of jute and consequent scarcity of money was aggravated by failure of crops. The distress began to increase in intensity from March 1931 but began to abate with the harvesting of the jute and Aus crops, and by the end of the year owing to a good Aman crop conditions had greatly improved.

The following measures were taken to relieve the distress :—

Gratuitous relief.—A sum of Rs. 1,470 was spent in giving gratuitous relief to sick and disabled persons numbering 914. Besides this some private persons distributed over 700 maunds of rice amongst the destitute and needy.

Test relief.—Test relief works consisted of the construction and repair of roads and the excavation of tanks. A sum of Rs. 10,000 was advanced by Government during 1931 to the District Board for opening test relief works. Out of this a sum of Rs. 6,913 was actually spent by the District Board. The work done totalled 48,074 days at 30 different centres. The test works did not attract a very large number of workers and attendance soon began to fall off.

Agricultural loans.—A sum of Rs. 80,000 was distributed as agricultural loans.

The Divisional Commissioner made a tour in the affected areas.

The Governor in Council is satisfied that the measures taken for the relief of distress were successful and adequate. He desires to record his appreciation of the good work done by the local officers, by the District Board and by the Relief Committees.

ORDER—Ordered that this resolution be published in the *Calcutta Gazette.*

By order of the Governor in Council,

H. C. V. PHILPOT,

Secretary to the Government of Bengal.

GOVERNMENT OF BENGAL.

Legislative Department.

NOTIFICATION.

No. 1580L.—2nd June, 1932.—The following report of the Select Committee on the Bengal Local Self-Government (Amendment) Bill, 1932, with the Bill as amended by the Committee, is hereby published for general information.

Report of the Select Committee on the Bengal Local Self-Government (Amendment) Bill, 1932.

We, the members of the Select Committee of the Bengal Legislative Council to which the Bengal Local Self-Government (Amendment) Bill, 1932, was referred by a motion carried in the Bengal Legislative Council on the 17th February, 1932, have the honour to submit this our report with the Bill as amended by us annexed. All matter omitted by the Select Committee has been printed in italics and enclosed in square brackets and all new matter inserted has been underlined.

1. The Bill was published in English in the *Calcutta Gazette* on the 11th February, 1932.

2. The Committee met for the first time on the 29th February, and concluded its sittings on the 8th March, 1932.

3. We consider that the Bill has been so altered as to require republication.

4. The changes made in the Bill are detailed below :—

Clauses 5A and 8.—The amendment in the new clause 5A, substituting the Local Government for the Commissioner, and the similar amendment made in clause 8, are consequential on the change made in clause 7.

Clause 7.—We consider that the power of appointing members to make up the proportion of elected members of a District or Local Board at a second election should rest with the Local Government instead of with the Commissioner, and sub-section (*2*) of section 10 has been altered accordingly.

Clause 11.—*Section 16A.*—The majority of us are opposed to the provision made in section 16A, requiring a deposit from a candidate for election to a Local Board. Section 16A has therefore been deleted.

Section 16B.—In our opinion the period for taking the oath should be extended to three months, but the member should take the oath at the first meeting which he attends, and section 16B has been altered in these respects.

The *Explanation* to section 16B does not appear to us to have any real value, and it has therefore been deleted.

Clause 13.—*Section 17A.*—The power to remove a member for misconduct has been given to the Local Government instead of to the Commissioner, subject to the same recommendations and right of being heard as are contained in section 17A.

We considered the advisability of defining "misconduct", but decided that no good purpose would be served by a definition in this respect, and that it would merely tend to raise complicated issues.

Clause 14.—*Section 18B(1).*—In our opinion the authority appointed under clause (*a*) of section 138 to decide disputes relating to elections should not necessarily be the District Magistrate, but a Tribunal of the nature contemplated by clause 34 of the Bengal Municipal Bill, 1932, and we recommend that this opinion may be borne in mind when rules are made under section 138 in this connection.

The new clause (*d*) in sub-section (*1*) of section 18B contains the further ground of an illegal nomination for declaring an election void, which appears to be required.

An addition has been made to sub-section (*1*) of section 18B to safeguard the previous proceedings of the local authority concerned when an election becomes void under the sub-section.

Section 18B (*2*).—Clause (*b*) of this sub-section has been deleted as being unreasonable.

Clause 15.—We consider that failure by an elected member of a District or Local Board to make an oath or affirmation of allegiance under section 16B should also be regarded as causing a casual vacancy, and the sub-section has been altered accordingly.

An inaccuracy in clause 15 has also been rectified.

Clause 17.—*Section 20B.*—In our opinion the Chairman and members of a District Board should be exempt from attendance at a registration office for the purpose of registering documents. In view of the recent amendments made in the Transfer of Property Act, 1882, a lease has to be executed both by the lessor and lessee, and such attendance would involve heavy expenditure when the registration office is a long way off. Section 20B has therefore been recast to meet this object. Under the revised provision the necessary requisition to the registering officer will bear the common seal of the District Board as well as the Chairman's signature.

As the proposed alterations in section 20B will require the previous sanction of the Governor General, as affecting the Indian Registration Act, 1908, under rule 2 of the Local Legislatures (previous sanction) Rules, we recommend that steps should be taken to obtain the necessary sanction.

Clause 19.—Sub-section (*2*) of section 23 has been altered in regard to the powers and duties of the Second Vice-Chairman of a District Board.

Clause 21.—A necessary alteration has been made so as to provide for notice to the Local Board as well as to the District Board in the case of resignation by the Chairman of a Local Board under section 27.

Clause 22.—We have restricted the application of the proposed sub-section (*4*) in section 29 to the absence of the Chairman only, as in our opinion, the provision is not required in regard to a Vice-Chairman.

Clause 23.—The object of the proviso which we have added to section 29AA is to keep the Chairman and Vice-Chairman in office until the new Chairman and Vice-Chairman are elected.

Clause 25.—*Section 30A.*—The object of the changes made by us in section 30A in regard to the holding of ordinary meetings of a District Board is to save the unnecessary expenses incurred under the existing system in calling meetings every month when there is not sufficient business to be transacted. Ten days' notice instead of three days' notice is to be given by the Chairman to members when there is not sufficient business for a meeting.

Section 30B.—We have provided that the requisition for a special meeting is to be signed by one-third of the members, and have extended to six weeks after the requisition the period within which the Chairman or Vice-Chairman is to call the special meeting.

Clause 29.—*Sub-clause* (*1*).—The word "and" has been omitted to make the meaning clear.

New sub-clause (*2a*).—In our opinion officers of a District Board who have been dismissed should have a right of appeal in accordance with rules under section 138, to the Commissioner or to the Local Government according to their rates of salary, and this has been provided for in the new proviso (*1a*) in section 33. The necessary consequential change has been made in section 138.

Sub-clause (*3*).—We have amplified sub-section (*2*) *in section 33* so as to make it applicable to Health Officers, District Engineers and other officers of a District Board, except officers exempted by the conditions of their service from the provisions of the sub-section.

In *sub-section* (*3*) *of section 33* the word "responsible" has been omitted as being inappropriate.

Clause 33.—The deletion of *sub-clause* (*c*) is a consequential amendment, resulting from the abandonment of the proposal to tax bullock carts—*see* the note in regard to clause 49.

Sub-clause (*d*).—We have not made any change in this sub-clause, but we wish to have it placed on record that in our opinion all contributions

made under sub-section (7) of section 52 should be regulated by rules under the Act, so that these contributions may not be spent on any purposes other than those for which they are intended.

Clause 34.—*Sub-clause* (2).—The specific reference to the District Engineer appears to be unnecessary, and has therefore been omitted.

New sub-clause (3).—The opportunity has been taken to delete sub-clause (*a*) of clause *Sixthly* of section 53 as the matter to which it refers is now obsolete.

New sub-clause (4).—The amendment contained in this sub-clause makes the District Fund applicable to the payment of daily halting allowances to members of District and Local Boards in carrying out any of the objects of the Act. The rates of such allowances will be regulated by the Local Government in accordance with the provision in that behalf at the commencement of clause *Sixthly* of section 53.

Clause 36.—*Sub-clause* (1).—The maximum number of members for the Finance Committee appointed under section 55 has been increased from seven to nine members.

New sub-clause (1a).—It is more appropriate that the officer appointed by the District Board under section 54 to keep the account books of the District Fund should produce the accounts of the Finance Committee for audit, and the last paragraph of section 55 has been altered accordingly.

New clauses 36A and 37A.—The references made to junior madrassahs in clause 36A and high madrassahs in clause 37A, bring section 62 and section 64 into line with present conditions.

Clause 37.—Clause (*b*) of section 63 has been recast, as in our opinion it is unnecessary to give grants-in-aid to schools and libraries outside the area under the authority of the District Board, and it is inappropriate to give them to libraries under private management, as there is no money available for this purpose and no real responsibility in regard to them. Under the revised clause (*b*) of section 63 libraries have been qualified in the same respects as the libraries referred to in clause 3 of the Bengal Village Self-Government (Amendment) Bill, 1932, as amended by the Select Committee on that Bill.

Clause 38.—*New sub-clause* (*a1*).—This amendment in clause (*b*) of section 64A is consequential on the changes made in clause 37.

Sub-clause (1).—The alterations made in this sub-clause are consequential on the change made by the new clause 36A.

Sub-clause (2).—We have re-inserted the proviso in a modified form so as to authorise a District Board with the sanction of the Local Government to provide scholarships at a school or institution outside India.

New Clause 38A.—This is a consequential amendment.

New Clause 38B.—The change made by us in the first paragraph of section 66 as to the consent of the District Board is obviously necessary.

Clause 40.—The amendment in section 73 has been recast in the form of an *Explanation*, so as to emphasise its retrospective application. The majority of us are in favour of the principle embodied in this clause, but consider that minerals should be excluded from its operation.

Clause 41.—In our opinion when the Local Government direct a District Board under section 74 to maintain and repair a road, the Local Government should decide as to the standard of maintenance.

Clause 43.—A slight verbal amendment has been made in the proviso to section 86 in order to make the meaning clear.

Clause 45.—*Section 86AAA.*—We consider that the District Magistrate should have a discretion in regard to the matters referred to in this section, and the section has been altered accordingly.

We also think that the prohibited limit should be one mile instead of two miles.

Clause 49.—The majority of us agreed that it is not equitable to tax villagers in District Board areas in respect of bullock carts. Clause 49 containing the proposals to tax bullock carts has therefore been omitted.

Clause 52.—In our opinion the provisions of sub-section (*3*) of section 90 should not be applicable to private tanks, and the last three lines of that sub-section have therefore been deleted.

The question of fishery rights was raised in connection with clause 52, but the majority of us agreed that no exceptions are necessary in this respect.

Clause 53.—*Section 90A.*—We have substituted the District Health Officer for the Chief Medical Officer.

Section 90B. Sub-section (*1*).—We have altered the method for making requisitions under this sub-section on the lines of section 27 of the Bengal Village Self-Government Act, 1919.

New sub-section (*1a*).—We have provided that when the owner or occupier fails to comply with a requisition under section 90B(*1*), the District Board may itself take the necessary steps to carry out the work.

Sub-section (*2*).—We have made an addition to this sub-section in order to enable the owner or occupier of the property to get it back by paying the costs of the works.

Clause 54.—*Section 91, sub-section* (*3*).—In our view the District Board should have a discretion in regard to the appointment of Sanitary Inspectors, and the sub-section has been altered in this respect.

Clause 57(b).—We have made a necessary verbal amendment in the revised clause (*3d*) in section 100.

Clause 58.—*Sections 100A and 100B.*—It was suggested that sections 100A and 100B should be recast so as to restrict them to sanitation and morality: but the majority of us consider that they should apply to all fairs, *melas*, private *hats* and markets, as in the Bill.

The majority of us agreed that the reference to "any person" is not suitable as licenses should not be granted to persons who are not owners or lessees. It was therefore decided by a majority that section 100B should be omitted and that section 100A should be altered so as to apply only to owners or lessees. The revised section 100A provides for the necessary fees in the case of licenses granted under the section.

Section 100D.—One mile has been substituted for two miles in consequence of the change made in section 86AAA in clause 45.

Clause 61.—*Sub-clause* (*1*). *Section 131.*—We consider that the period for supersession of a District Board or Local Board under this section should be limited to three years.

Clause 65.—*Sub-clause* (*1*).—This sub-clause has been deleted owing to our decision to omit section 16A in clause 11 regarding deposits by candidates.

The new *sub-clause* (*1a*) has been inserted in consequence of the changes made by us in section 33 in clause 29 in regard to appeals by dismissed officers.

Clause 68.—*Fourth Schedule.*—Item 5 in Part II has been omitted, as we consider that a candidate should not suffer for mischief done by a third party.

* Signed subject to his minute of dissent annexed.

N.B.—The signatures of Sir Lancelot Travers, Babu Satish Chandra Ray Chowdhury, Mr. A. F. M. Abdur-Rahman, Babu Nagendra Narayan Ray and Mr. Sarat Chandra Bal had not been received up to the time of printing the Report.

Minute of dissent by the Hon'ble Mr. Bijoy Prasad Singh Roy.

I am of opinion that further consideration should be given to the retention in the Bill of provisions for the deposit of security by candidates for election and for empowering District Boards to impose a tax on bullock carts.

Minute of dissent by Mr. Sarat Kumar Roy, M.L.C.

I sign my name subject to the following minute of dissent :—

I consider that in clause 11 proposed section 16A ought to be retained, as certain restrictions ought to be made to ensure *bona fides*.

Clause 40.—I consider that when no acquisition of land under the Land Acquisition Act has been made, this clause will interfere with private rights.

I recommend that after the words "excluding minerals therein" in the last line of the "Explanation," the words "and fishery rights " be added.

Clause 45, proposed section 86AAA.—I consider that ferry rights where they existed from beforehand should not be interfered with, as that will infringe the private rights of individuals.

Clause 49.—I consider that the bullock carts which actually ply for hire ought to be taxed, though to a moderate extent, as the bullock cart owners in question derive profits by using the District Board roads. The carts also cause a great deal of damage to the roads necessitating considerable expenses on the part of District Boards for their repairs.

In clause 52 in proposed section 90(3) the words "except fishery rights where such rights existed from before" be added after the words "or channel" in the last line, as I consider this is very important from the point of view of the owners of such rights.

Clause 58, proposed section 100A.—I consider this as seriously interfering with private rights. I think that the existing fairs or *melas* or private *hâts* or markets should be exempted from the operations of this clause. If insertion of this clause be however deemed absolutely necessary from the point of view of public health and morality, there ought to be sufficient safeguards to see that no abuse be made in the exercise of such power on the part of District Boards. I would suggest therefore that a right of appeal to the District Magistrate or the Divisional Commissioner should be provided and also right to sue in Civil Court in case the licences are improperly withheld should be expressly reserved.

Clause 58, proposed section 100C.—I consider that the penalties imposed for the infringement of the provisions of this clause are rather heavy. So I suggest that the fine may not extend to over one hundred rupees and that in the case of a continuing breach, to a daily fine not exceeding ten rupees.

Clause 58, proposed section 100D.—In my opinion the words "provided such a ferry or ferries existed beforehand" ought to be added at the end, as I consider, otherwise, private rights will be interfered with.

Minute of dissent by Rai Satish Chandra Mukherji Bahadur, M.L.C.

Clause 5A.—As section 7 has been affected, I would propose that the proportion of elected and appointed members should be fixed by the section, the former being two-thirds and the latter one-third of the number.

Clause 6.—I shall change clause (*2*) of the proviso to section 9 wholly and make it run thus : "Every person of the age of 21 years resident within the subdivision for which a Local Board has been established shall if possessing any of the qualifications mentioned in sub-section (*1*) of section 7 of the Bengal Village Self-Government Act, 1919, or has paid licence tax in respect of a trade dealing or industry carried on within such subdivision or possessing a clear annual income from any source of not less than Rs. 250 or is a graduate or licentiate of any university or holds a certificate as a pleader or mukhtear, subject to the provisions of section 15A, be entitled to be a member of the Local Board if duly elected thereto."

Clause 13.—In proposed section 17A insert the words "at which two-thirds of members of the said Board shall be present and" after the words "made at a meeting."

Clause 14.—I do not see the necessity of retaining this sub-section (*2*) of proposed section 18B. If under sub-section (*1*) an election is liable to be declared void under clauses (*a*), (*b*), or (*c*) and the said grounds are exclusive, then every election not declared void under any of the said grounds shall necessarily be maintained and accordingly sub-section (*2*) seems to be redundant.

Clause 18.—I think the time has come when all Chairmen shall be elected and the provision relating to appointment under section 22 shall be abolished.

Clause 19.—I am opposed to the election of a second Vice-Chairman under proposed sub-section (2) of section 23 which is unnecessary.

Section 23A.—I would give another chance to a Board failing to elect a Chairman or Vice-Chairman as is given to a Local Board under section 25 of the Act.

I would also add a definition of the expression "fails to elect" to this effect—"fails to elect" means failure of attendance at a meeting to elect and does not mean and include a case where an election is set aside.

Section 29, sub-section (1).—For the words "a new Chairman be elected" I would substitute the words "the vacancy shall be filled up by election." I would make the same substitution in sub-sections (2) and (3) of the same section.

Clause 42.—In proposed sub-section (2) of section 78A I would insert the words "or part of a road" after the words "any such road."

Section 87.—I would add the following words at the end of the section "and to frame suitable by-laws for discharging its duties and performing its functions."

Section 91, sub-section (3).—The District Health Officer and Sanitary Inspectors should be entitled to enter any place and dwelling house if necessary for discharging their duties and in the case of a dwelling house should give the ladies of the house sufficient and ample opportunity for the purpose of the seclusion.

Clause 65.—In section 138 I do not agree to the question as regards determining the authority who shall decide disputes relating to such elections to be governed by such rules framed by the Local Government under section 138 of the Act. I would name the authority in the body of the section which will decide such disputes and I would make this authority consisting of three persons, the District Judge to be the President, one Subordinate Judge and another Judicial Officer whom the District Judge shall select and the decision of such authority shall be final.

The Fourth Schedule, item 4 of Part II.—I would omit this item. The conditions in this country are so divergent from those in England and often the distances to be measured to record votes are so great that to ensure proper attendance of electors conveyance arrangement must be made and in generality of cases the elector being very poor, this must be done by the candidate at his own cost. This is too well known and this is always done.

Minute of dissent by Rai Satyendra Kumar Das Bahadur, M.L.C.

I do not agree with the majority report so far as the deletion of the new section 16A as proposed in clause 11 of the Bill is concerned. I consider it a useful safeguard against frivolous candidature and as such it should be retained.

I fully endorse the note of dissent of Rai K. C. Banerji Bahadur on this question as well as on the new section 33(3) proposed in Bill, clause 29(3), which provides for the transfer of an employee from one District Board to another. In the proposed new section provision has been made so that in case of transfer, an employee of the District Board may retain all his rights in respect of any provident fund monies accruing to him through service under the Board from which he is transferred. I would suggest that the provision should include leave also so that an officer may not forfeit the privileges in that behalf to which he is entitled under the Board from which he is transferred.

I sign the report subject to the above minute of dissent.

Minute of dissent by Rai Keshab Chandra Banerji Bahadur, M.L.C.

I sign this report subject to the following minute of dissent:—

In my opinion, the proposal contained in clause 11 of the Bill for the insertion of a new section 16A, requiring all candidates for election to deposit a prescribed sum with the District Magistrate, was very sound. This provision is calculated not only to operate as a check upon bogus candidature but upon a certain class of candidates who would like to make a political capital out of such an election.

This is necessary for the prevention of corrupt practices also for which a provision has been made in the Bill. If the new sections 16B and 18B are to be strictly enforced, there should certainly be a provision for security deposit as proposed in section 16A.

The new section 33(3) as proposed in clause 29(3) of the Bill provides for the transfer of an employee from one District Board to another. This transfer may either be for the mutual benefit of the employees concerned or in the interest of one or other of the District Boards. Then, take for instance the case of an officer of a District Board appointed by a sister Board in a vacancy in the office of the latter. In such a case, instead of appointing an officer from outside, the District Board will certainly find it advantageous to appoint one who has been in the employ of some other Board and has acquired experience in District Board work. In none of these three cases should an officer be made to forfeit the privileges to which he is entitled by reason of his previous service. In this connection, Bengal Government letter No. 290T.M., dated the 8th June, 1896, addressed to the Accountant-General, Bengal, may be referred to,

My point is that the concessions allowed by the Government then and even now under that circular should not only not be withdrawn but explicitly provided for in the Act which has not been amended since. Let me quote, *in extenso*, paragraph 6 of this letter :—

"The case of employees whose whole service has been rendered under local authorities is, however, different. Their appointments cease when they resign the service of the local authority and they have no claim as of right to pay and travelling allowance while joining an appointment under another local authority, for they hold no appointment while in transit. When, however, the transfer is made in the interests of the local authority the officers concerned may, with the special sanction of Government, be permitted to draw transit pay and travelling allowance and to count their past service as qualifying for leave. The pay and allowances (including leave allowances) will be a charge on the Board whose service such officers join, and each case should be submitted to Government for orders, with an explanation of the reasons which render the transfer advisable."

I am aware of several cases where the concessions were granted by Government to an officer who had taken up service in one Board after relinquishing his previous appointment under another.

It will, therefore, be a retrograde step and will operate harshly upon a particular officer if the privileges to which he is entitled under the orders of Government are withdrawn by legislative enactment.

I am, therefore, strongly of opinion that in the new section 33(3), the words "Leave and" should be inserted before the words "provident fund monies."

Minute of dissent by Dr. Naresh Chandra Sen Gupta, M.L.C.

I think the introduction of section 16B by clause 11 to be useless and impolitic. So far as the duty of allegiance sought to be imposed by the oath is concerned it is by the law of the land an absolute duty of the subject, as established by the decision in Ameer Khan's case and numerous other cases. The oath of allegiance adds nothing to that legal obligation, specially having regard to the fact that there is no law which imposes a penalty for mere breach of oath apart from the ordinary penalties for sedition which are imposed irrespective of any antecedent oath. The duty to discharge the duties also is one which is always implied, and having regard to the absence of any penalty in law for the violation of the oath, the provision is useless.

The oath is an archaism surviving from the days when moral and even legal obligations pressed for less on the conscience of people than fears of supernatural consequences. And in those days people who took a false oath or broke his oath were supposed to incur condign punishment not only in the next world but even in this. We have gone very far from those days and at the present moment, while promises and moral obligations are *per se* considered far more binding, a formal oath has sunk to the level of an empty formality, which like the rudimentary organs of men survive when they serve no useful function.

While the imposition of the oath would thus serve no useful purpose it might be very harmful in two ways. On the one hand, it may open a new door to perjury and help further to undermine the regard of men for honesty and truth in public affairs, on the other hand, it will furnish a useful handle to those who want to cause mischief. This wholly useless formality may yet form a very helpful bone of contention to men who are bent on raising a quarrel, with consequences which may prove disastrous to the cause of local administration in the province.

All these years there have been no occasion on which any inconvenience has been caused by the absence of the oath. The introduction of this clause would give no benefit which we do not already have. It would simply be inviting trouble.

In clause 36, the provision for unlimited halting allowances seems to me to be likely to encourage the undue protracting of sitting of the Finance Committee by the less scrupulous members. I am against this innovation, but if halting allowances are paid some reasonable maximum ought to be imposed.

In clause 41, while the municipality may be made to contribute to the cost of maintenance of a road in which it is interested, it is to say nothing about the standard at which it is maintained. I think that some provision ought to be made enabling the municipality to lay down the standard of maintenance.

In clause 54, I think the District Health Officer should be made an *ex-officio* member.

Minute of dissent by Mr. Saileswar Singh Roy, M.L.C.

As regards proposed section 16A in clause 11 the Select Committee has decided to omit altogether from the Bill any provision for deposit by a candidate for election to a Local Board. I cannot agree with this decision of the Committee. Absence of any such provision from the new Act would give rise to unnecessary complications and great practical difficulties. There would be no check on persons becoming candidates with the sole object of harassing serious and desirable candidates. Several persons not really desirous to get themselves elected may stand with a spirit of mischief alone at heart against a desirable candidate. This would minimise the chance of success of proper persons.

I am therefore for the retention of such provisions for deposit, which in my opinion should not be less than rupees one hundred.

In clause 25 in proposed section 30A I would suggest that for the words "if unavoidable circumstances necessitate it" the words "if the Chairman thinks, under unavoidable circumstances, that it is necessary to hold the meeting" be substituted.

My reasons for such changes are very simple. In the proposed amendment of the Select Committee it is not clear who would decide whether the circumstances have really become unavoidable or not, and it is therefore necessary to make it explicit. So I mention that such decision will lie with the Chairman.

In the last portion of the first paragraph of proposed section 30A a special provision is made empowering the Vice-Chairman to call a meeting of the Board in the absence of the Chairman. I think it is not necessary to put in any such special power in the new Act. But if it is thought desirable, I would suggest the following changes in the amended Bill. In that case, the words "from the province or in any other case when empowered by the Chairman" be added after the words "Vice-Chairman."

With reference to clause 58, proposed section 100A, I think that no such power should be given to the District Boards. Such powers would, I am afraid, be an encroachment upon the private rights of persons owning *hats*, etc. Besides that, these powers will be mechinary for unnecessary interference with and victimisation of some persons who would perhaps hold a different political opinion or would belong to a different party. This is sure to increase litigation and bring in its train more misery than good which is expected of it.

This will be resented by all present owners of such properties.

It is in the interest of both the Boards and the owners that I would suggest that such powers over the existing *hats* and *bazars* should be omitted from the Bill.

Minute of dissent by Khan Bahadur Maulvi Hafizur Rahman Chaudhuri, M.L.C.

I have signed the report subject to the following minute of dissent :—

In clause 27, proposed section 31B empowers the Chairman of a District Board to delegate all of his powers or duties to the Vice-Chairman for an indefinite period of time. This is apparently open to grave objection inasmuch as it would enable a nominal Chairman to be absent from the district for any length of time much to the detriment of the interest of the Board. In my opinion it is essentially necessary that the Chairman of a District Board must habitually be a resident of the district and that permission of the Board should always be asked for in case the period of his absence from the district extends more than one month at a stretch or three months in a year.

The Bill should therefore be so amended as to include the above proposals.

Minute of dissent by Khan Bahadur Maulvi Alimuzzaman Chaudhuri, M.L.C.

Clause 41.—Definition of road has not been given in the Bill as an explanation to section 74 on the lines of definition given in the Bengal Municipal Act. This definition should have been given in the Bill. There are various kinds of roads metalled, embanked, fair weather, etc. In order to avoid any difficulty of interpretation some such definition or explanation is necessary.

Clause 49.—The provisions for registration, etc., of bullock carts have been deleted by the Select Committee. These carts cause greatest damage to roads. These provisions should have been retained.

Minute of dissent by Khan Bahadur Muhammad Abdul Momin, M.L.C.

I object to the new section 100A (clause 58 of the Bill) requiring the owner of every *hat*, etc., to register their *hats* and obtain a licence from the District Board. I consider this as an unwarranted imposition and an unfair infringement of private rights. I would not, however, object to give the District Board power to interfere and enforce hygienic conditions in a public *hat* or *mela* and also to prohibit prostitution within it. I would suggest modification of section 100A as follows :—

"100A. It shall be lawful for a District Board to require the owner or the lessee of a fair or *mela* or a private *hat* or market, or an owner or a lessee of land intending to establish a fair or *mela* or a private *hat* or market thereon to make proper sanitary arrangements, to remove any insanitary conditions which may exist and to forbid prostitution within such *mela*, *hat* or fair."

Minute of dissent by Maulvi Abdul Hakim, M.L.C.

I sign the report of the Select Committee with the following remarks. The amendment of the Local Self-Government Act is no doubt a matter of great concern to us, but this amendment will not serve the real purpose, unless the following suggestions are embodied in it, namely,

(1) the introduction of the system of direct election (election by people) in the District Boards, (2) abolition of Local Boards, (3) the debarment of a nominated member from becoming the Chairman or the Vice-Chairman of the District Board, (4) the minimisation of the number of nominated members in the District Board, and (5) the lowering of the franchise.

A general election is likely to send comparatively better men to the District Board. It is generally noticed that even an influential and well-to-do bribetaker or a tout having intimacy or relationship with influential villagers who guide the poor, simple and illiterate voters at the time of election, can easily secure the Local Board election in the small thana area, mainly through the influence of these villagers, by defeating an honest and popular candidate simply because the latter is not so well-to-do and cannot spend much money at the election and does not exercise undue influence as the former does in that small area. But such money spent and such undue influence exercised in a small area is not likely to cause much harm to an honest and popular candidate for the District Board membership, if the constituency be a larger one as a result of direct election. In fact, if direct election is introduced in the District Board, it is hoped that the administration of District Boards will be carried on more efficiently than it is now, by more deserving and popular members, and no District Board will then be liable to supersession.

Nowadays when the Union Boards are being widely established in every district, the works of Local Boards can be done better through the Union Boards and after early formation of Union Boards in non-Union Board areas, the Local Boards may be altogether abolished. In my opinion a Union Board with its present enlarged powers and functions can be of greater benefit to the village people than a Local Board in Bengal. The simple and illiterate cultivators, who form the bulk of the population, but who some time before did not even know what the word "vote" signifies, are gradually acquiring political training through these Union Boards and are thus realising the great idea as to how this mighty empire is governed. The outstanding importance of Union Boards is that if any Union Board member does anything dishonestly, the villagers find good opportunity to confront him in the village footpath for giving him sufficient warning for his future good conduct or for having the wrong redressed by him without delay and difficulty.

Members nominated by Government are not generally so popular and so public-spirited as elected members. A nominated member may be an honest man but still he is not free from Government influence, and consequently a nominated member should not be the Chairman or President in any self-governing institution, just as a nominated member cannot be the President or a Minister in the Legislative Council.

In all self-governing bodies the number of members nominated by Government should not be as large as is existing now. In my opinion there should be no other Government nominees in a District Board except the Civil Surgeon or at most the Subdivisional Officers of the district.

As regards franchise, my submission is that it should be lowered in order to make the election more popular and efficient. It should be extended to all adult males and females paying the minimum of eight annas as union rate or road cess in the district. Indeed, the matter of lowering the franchise should be one of the most important factors in this amendment.

If my suggestions are deemed to be outside the scope of the present amendment, my alternative suggestion is that the Hon'ble Minister in charge of the Bill should not be in a hurry for this amendment, but he should await the result of the report to be shortly submitted by the Franchise Committee of the Round Table Conference so that necessary conformity may be maintained, if required with the enlarged franchise in the coming autonomous legislatures

If these suggestions are not considered or in the alternative if this Bill be not postponed till the publication of the report of the Franchise Committee, I am sure the burning democracy of the present century will call for a further amendment of this Act, causing loss of both money and energy on the part of the Government again in the near future.

Minute of dissent by Maulvi Syed Nausher Ali, M.L.C.

I am sorry I could not attend all the meetings of the Committee for various reasons. Nor have I been able to study the report carefully owing to my illness from which I have not yet fully recovered. I am, therefore, compelled just to make a few general observations. The proposed amendment only goes half way.

The Act should have been thoroughly amended including the constitution of the District and Local Boards and the latter should have been abolished. The franchise, too, should have been extended and provision for appointment by the executive should have been deleted. Some other sections also that are untouched should have been amended.

I do not agree in all the recommendations. I shall try to bring suggestions up before the Council at the time of consideration of the report.

Minute of dissent by Maulvi Syed Majid Baksh, M.L.C.

I sign the report subject to the following minute of dissent :—

In clause 13, proposed section 17A should be omitted. I do not agree with the principle of giving power to a body of removing its own member or of recommending removal of its member by an adverse vote. The member really represents his constituency and it is the constituency that is competent to censure him. To give that power to any other body is unconstitutional and is unheard of in any representative institution in the world.

Minute of dissent by Munindra Deb Rai Mahasai, M.L.C.

Clause 16, proposed section 19A (3).—In my opinion no case has been made out to justify the extension of the term of office of the members of the District Boards and Local Boards from three to four years. In the Bengal Municipal Bill, 1932, the existing term of office of Commissioners for three years has been retained. In the Corporation of Calcutta the term of office of Councillors is three years. In the Provincial Legislative Councils and the Indian Assembly, the term of office of members is also three years. I do not see any reason why this uniformity should be disturbed and the members of District Boards and Local Boards should have different terms of office. Three years of office was quite sufficient for any public body and its prolongation was not at all desirable in the best interests of the public.

Clause 58.—The other point of difference was the insertion of new sections 100A and 100C. I cannot understand why it shall be lawful for a District Board to require the owner or the lessee of a private *hat* or market to obtain a licence in this behalf from the District Board on such terms and conditions and on payment of such fees as the Local Government may prescribe and if any person holds a private *hat* or market without or otherwise in conformity with the terms of a licence granted under section 100A, he shall be liable to fine which may extend to two hundred rupees, and in the case of a continuing breach, to a daily fine not exceeding twenty-five rupees. In my opinion, it would be a matter of considerable hardship and harassment to penalise the owners of existing *hats* and markets. It may be lawful for the District Boards to enforce rules of sanitation prescribed for the *hats* and markets and to prosecute the owners or the lessees for their infringement, but that does not justify them to compel the owners of existing *hats* and markets to take out licence on payment of fees and to impose heavy fines if they failed to do so. This was neither fair nor equitable.

Minute of dissent by Babu Kishori Mohan Chaudhuri, M.L.C.

I sign the report with the minute of dissent as noted below :—

I think clause 19 should be deleted. The appointment of a second Vice-Chairman is not very necessary. It would simply weaken the authority and position of the first Vice-Chairman. The several sub-committees are quite sufficient for the help of the Vice-Chairman.

Clause 29(3).—In proposed sub-section (*3*) of section 33 for the word "any" the words "past service and" should be substituted.

Clause 30 appears to be incomplete.

In sub-clause (*b*) of clause 33 after proposed clause (*3b*) of section 52, the following clause (*3c*) should be inserted :—

"(*3c*). The fees and fines under sections 100A, 100C and 100D."

In clause 43 in the proposed proviso to section 86 for the word "ten" the word "fifteen" should be substituted as under the existing rules.

In sub-clause (*2*) of clause 44 in proposed clause (*ai*) of section 86A for the words "or reconstructed," the words "reconstructed or improved" should be inserted. Sub-clause (*2*) (*c*) of clause 44 should be deleted.

In clause 45 in proposed section 86AAA for the words "one mile" the words "two miles" should be substituted.

In clause 58, proposed section 100A should be recast and restricted to sanitation and morality only.

In clause 58 in proposed section 100D for the words "one mile" the words "two miles" should be substituted.

Minute of dissent by Maulvi Syed Jalaluddin Hashemy, M.L.C.

Clause 11.—I consider that the insertion of new sections 16A and 16B is quite unnecessary. Sections 16A and 16B indirectly aim at depriving a certain group of people from entering the local bodies either on account of their poverty or on account of their [illegible]

1. (*1*) This Act may be called the Indian Partnership Act, 1932.

(*2*) It extends to the whole of British India, including British Baluchistan and the Sonthal Parganas.

(*3*) It shall come into force on the 1st day of October, 1932, except section 69, which shall come into force on the 1st day of October, 1933.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(*a*) an "act of a firm" means any act or omission by all the partners, or by any partner or agent of the firm which gives rise to a right enforceable by or against the firm;

(*b*) "business" includes every trade, occupation and profession;

(*c*) "prescribed" means prescribed by rules made under this Act;

(*d*) "third party" used in relation to a firm or to a partner therein means any person who is not a partner in the firm; and

(*e*) expressions used but not defined in this Act and defined in the Indian Contract Act, 1872, shall have the meanings assigned to them in that Act. IX of 1872.

Application of provisions of Act IX of 1872.

3. The unrepealed provisions of the Indian Contract Act, 1872, save in so far as they are inconsistent with the express provisions of this Act, shall continue to apply to firms. IX of 1872.

CHAPTER II.

THE NATURE OF PARTNERSHIP.

Definition of "partnership", "partner", "firm" and "firm name".

4. "Partnership" is the relation between persons who have agreed to share the profits of a business carried on by all or any of them acting for all.

Persons who have entered into partnership with one another are called individually "partners" and collectively "a firm", and the name under which their business is carried on is called the "firm name".

Partnership not created by status.

5. The relation of partnership arises from contract and not from status;

and, in particular, the members of a Hindu undivided family carrying on a family business as such, or a Burmese Buddhist husband and wife carrying on business as such are not partners in such business.

Mode of determining existence of partnership.

6. In determining whether a group of persons is or is not a firm, or whether a person is or is not a partner in the firm, regard shall be had to the real relation between the parties, as shown by all relevant facts taken together.

Explanation 1.—The sharing of profits or of gross returns arising from property by persons holding a joint or common interest in that property does not of itself make such persons partners.

Explanation 2.—The receipt by a person of a share of the profits of a business, or of a payment contingent upon the earning of profits or varying with the profits earned by a business, does not of itself make him a partner with the persons carrying on the business;

and in particular, the receipt of such share or payment—

(*a*) by a lender of money to persons engaged or about to engage in any business,

(*b*) by a servant or agent as remuneration,

(*c*) by the widow or child of a deceased partner, as annuity, or

(*d*) by a previous owner or part owner of the business, as consideration for the sale of the goodwill or share thereof,

does not of itself make the receiver a partner with the persons carrying on the business.

Partnership at will.

7. Where no provision is made by contract between the partners for the duration of their partnership, or for the determination of their partnership, the partnership is "partnership at will".

Particular partnership.

8. A person may become a partner with another person in particular adventures or undertakings.

CHAPTER III.

RELATIONS OF PARTNERS TO ONE ANOTHER.

General duties of partners.

9. Partners are bound to carry on the business of the firm to the greatest common advantage, to be just and faithful to each other, and to render true accounts and full information of all things affecting the firm to any partner or his legal representative.

Duty to indemnify for loss caused by fraud.

10. Every partner shall indemnify the firm for any loss caused to it by his fraud in the conduct of the business of the firm.

Determination of rights and duties of partners by contract between the partners.

11. (*1*) Subject to the provisions of this Act, the mutual rights and duties of the partners of a firm may be determined by contract between the partners, and such contract may be express or may be implied by a course of dealing.

Such contract may be varied by consent of all the partners, and such consent may be express or may be implied by a course of dealing.

Agreements i restraint of trade.

(*2*) Notwithstanding anything contained in section 27 of the Indian Contract Act, 1872, such contracts may provide that a partner shall not carry on any business other than that of the firm while he is a partner.

IX of 1872.

The conduct of the business.

12. Subject to contract between the partners—

(*a*) every partner has a right to take part in the conduct of the business;

(*b*) every partner is bound to attend diligently to his duties in the conduct of the business;

(*c*) any difference arising as to ordinary matters connected with the business may be decided by a majority of the partners, and every partner shall have the right to express his opinion before the matter is decided, but no change may be made in the nature of the business without the consent of all the partners; and

(*d*) every partner has a right to have access to and to inspect and copy any of the books of the firm.

Mutual rights and liabilities.

13. Subject to contract between the partners—

(*a*) a partner is not entitled to receive remuneration for taking part in the conduct of the business;

(*b*) the partners are entitled to share equally in the profits earned, and shall contribute equally to the losses sustained by the firm;

(*c*) where a partner is entitled to interest on the capital subscribed by him such interest shall be payable only out of profits;

(*d*) a partner making, for the purposes of the business, any payment or advance beyond the amount of capital he has agreed to subscribe, is entitled to interest thereon at the rate of six per cent. per annum;

(*e*) the firm shall indemnify a partner in respect of payments made and liabilities incurred by him—

(*i*) in the ordinary and proper conduct of the business, and

(*ii*) in doing such act, in an emergency, for the purpose of protecting the firm from loss, as would be done by a person of ordinary prudence, in his own case, under similar circumstances; and

(*f*) a partner shall indemnify the firm for any loss caused to it by his wilful neglect in the conduct of the business of the firm.

The property of the firm.

14. Subject to contract between the partners, the property of the firm includes all property and rights and interests in property originally brought into the stock of the firm, or acquired, by purchase or otherwise, by or for the firm, or for the purposes and in the course of the business of the firm, and includes also the goodwill of the business.

Unless the contrary intention appears, property and rights and interests in property acquired with money belonging to the firm are deemed to have been acquired for the firm.

Application of the property of the firm.

15. Subject to contract between the partners, the property of the firm shall be held and used by the partners exclusively for the purposes of the business.

Personal profits earned by partners.

16. Subject to contract between the partners,—

(*a*) if a partner derives any profit for himself from any transaction of the firm, or from the use of the property or business connection of the firm or the firm name, he shall account for that profit and pay it to the firm;

(*b*) if a partner carries on any business of the same nature as and competing with that of the firm, he shall account for and pay to the firm all profits made by him in that business.

Rights and duties of partners after a change in the firm,

17. Subject to contract between the partners,—

(*a*) where a change occurs in the constitution of a firm, the mutual rights and duties of the partners in the reconstituted firm remain the same as they were immediately before the change, as far as may be;

after the expiry of the term of the firm, and

(*b*) where a firm constituted for a fixed term continues to carry on business after the expiry of that term, the mutual rights and duties of the partners remain the same as they were before the expiry, so far as they may be consistent with the incidents of partnership at will; and

where additional undertakings are carried out.

(*c*) where a firm constituted to carry out one or more adventures or undertakings carries out other adventures or undertakings, the mutual rights and duties of the partners in respect of the other adventures or undertakings are the same as those in respect of the original adventures or undertakings.

CHAPTER IV.

RELATIONS OF PARTNERS TO THIRD PARTIES.

Partner to be agent of the firm.

18. Subject to the provision of this Act, a partner is the agent of the firm for the purposes of the business of the firm.

Implied authority of partner as agent of the firm.

19. (*1*) Subject to the provisions of section 22, the act of a partner which is done to carry on, in the usual way, business of the kind carried on by the firm, binds the firm.

The authority of a partner to bind the firm conferred by this section is called his "implied authority".

(*2*) In the absence of any usage or custom of trade to the contrary, the implied authority of a partner does not empower him to—

(*a*) submit a dispute relating to the business of the firm to arbitration,

(*b*) open a banking account on behalf of the firm in his own name,

(*c*) compromise or relinquish any claim or portion of a claim by the firm,

(*d*) withdraw a suit or proceeding filed on behalf of the firm,

(*e*) admit any liability in a suit or proceeding against the firm,

(*f*) acquire immoveable property on behalf of the firm,

(*g*) transfer immoveable property belonging to the firm, or

(*h*) enter into partnership on behalf of the firm.

Extension and restriction of partner's implied authority.

20. The partners in a firm may, by contract between the partners, extend or restrict the implied authority of any partner.

Notwithstanding any such restriction, any act done by a partner on behalf of the firm which falls within his implied authority binds the firm, unless the person with whom he is dealing knows of the restriction or does not know or believe that partner to be a partner.

Partner's authority in an emergency.

21. A partner has authority, in an emergency, to do all such acts for the purpose of protecting the firm from loss as would be done by a person of ordinary prudence, in his own case, acting under similar circumstances, and such acts bind the firm.

Mode of doing act to bind firm.

22. In order to bind a firm, an act or instrument done or executed by a partner or other person on behalf of the firm shall be done or executed in the firm name, or in any other manner expressing or implying an intention to bind the firm.

Effect of admissions by a partner.

23. An admission or representation made by a partner concerning the affairs of the firm is evidence against the firm, if it is made in the ordinary course of business.

Effect of notice to acting partner.

24. Notice to a partner who habitually acts in the business of the firm of any matter relating to the affairs of the firm operates as notice to the firm, except in the case of a fraud on the firm committed by or with the consent of that partner.

Liability of a partner for acts of the firm.

25. Every partner is liable, jointly with all the other partners and also severally, for all acts of the firm done while he is a partner.

Liability of the firm for wrongful acts of a partner.

26. Where, by the wrongful act or omission of a partner acting in the ordinary course of the business of a firm, or with the authority of his partners, loss or injury is caused to any third party, or any penalty is incurred, the firm is liable therefor to the same extent as the partner.

Liability of firm for misapplication by partners.

27. Where—

(*a*) a partner acting within his apparent authority receives money or property from a third party and misapplies it, or

(*b*) a firm in the course of its business receives money or property from a third party, and the money or property is misapplied by any of the partners while it is in the custody of the firm,

the firm is liable to make good the loss.

Holding out.

28. (*1*) Any one who by words spoken or written or by conduct represents himself, or knowingly permits himself to be represented, to be a partner in a firm, is liable as a partner in that firm to any one who has on the faith of any such representation given credit to the firm, whether the person representing himself or represented to be a partner does or does not know that the representation has reached the person so giving credit.

(*2*) Where after a partner's death the business is continued in the old firm name, the continued use of that name or of the deceased partner's name as a part thereof shall not of itself make his legal representative or his estate liable for any act of the firm done after his death.

Rights of transferee of a partner's interest.

29. (*1*) A transfer by a partner of his interest in the firm, either absolute or by mortgage, or by the creation by him of a charge on such interest, does not entitle the transferee, during the continuance of the firm, to interfere in the conduct of the business, or to require accounts, or to inspect the books of the firm, but entitles the transferee only to receive the share of profits of the transferring partner, and the transferee shall accept the account of profits agreed to by the partners.

(*2*) If the firm is dissolved or if the transferring partner ceases to be a partner, the transferee is entitled as against the remaining partners to receive the share of the assets of the firm to which the transferring partner is entitled, and, for the purpose of ascertaining that share, to an account as from the date of the dissolution.

Minors admitted to the benefits of partnership.

30. (*1*) A person who is a minor according to the law to which he is subject may not be a partner in a firm, but, with the consent of all the partners for the time being, he may be admitted to the benefits of partnership.

(*2*) Such minor has a right to such share of the property and of the profits of the firm as may be agreed upon, and he may have access to and inspect and copy any of the accounts of the firm.

(3) Such minor's share is liable for the acts of the firm, but the minor is not personally liable for any such act.

(4) Such minor may not sue the partners for an account or payment of his share of the property or profits of the firm, save when severing his connection with the firm, and in such case the amount of his share shall be determined by a valuation made as far as possible in accordance with the rules contained in section 48:

Provided that all the partners acting together or any partner entitled to dissolve the firm upon notice to other partners may elect in such suit to dissolve the firm, and thereupon the Court shall proceed with the suit as one for dissolution and for settling accounts between the partners, and the amount of the share of the minor shall be determined along with the shares of the partners.

(5) At any time within six months of his attaining majority, or of his obtaining knowledge that he had been admitted to the benefits of partnership, whichever date is later, such person may give public notice that he has elected to become or that he has elected not to become a partner in the firm, and such notice shall determine his position as regards the firm:

Provided that, if he fails to give such notice, he shall become a partner in the firm on the expiry of the said six months.

(6) Where any person has been admitted as a minor to the benefits of partnership in a firm, the burden of proving the fact that such person had no knowledge of such admission until a particular date after the expiry of six months of his attaining majority shall lie on the person asserting that fact.

(7) Where such person becomes a partner,—

(a) his rights and liabilities as a minor continue up to the date on which he becomes a partner, but he also becomes personally liable to third parties for all acts of the firm done since he was admitted to the benefits of partnership, and

(b) his share in the property and profits of the firm shall be the share to which he was entitled as a minor.

(8) Where such person elects not to become a partner,—

(a) his rights and liabilities shall continue to be those of a minor under this section up to the date on which he gives public notice,

(b) his share shall not be liable for any acts of the firm done after the date of the notice, and

(c) he shall be entitled to sue the partners for his share of the property and profits in accordance with sub-section (4).

(9) Nothing in sub-sections (7) and (8) shall affect the provisions of section 28.

CHAPTER V.

Retirement of a partner.

32. (*1*) A partner may retire—

(*a*) with the consent of all the other partners,

(*b*) in accordance with an express agreement by the partners, or

(*c*) where the partnership is at will, by giving notice in writing to all the other partners of his intention to retire.

(*2*) A retiring partner may be discharged from any liability to any third party for acts of the firm done before his retirement by an agreement made by him with such third party and the partners of the reconstituted firm, and such agreement may be implied by a course of dealing between such third party and the reconstituted firm after he had knowledge of the retirement.

(*3*) Notwithstanding the retirement of a partner from a firm, he and the partners continue to be liable as partners to third parties for any act done by any of them which would have been an act of the firm if done before the retirement, until public notice is given of the retirement:

Provided that a retired partner is not liable to any third party who deals with the firm without knowing that he was a partner.

(*4*) Notices under sub-section (3) may be given by the retired partner or by any partner of the reconstituted firm.

Expulsion of a partner.

33. (*1*) A partner may not be expelled from a firm by any majority of the partners, save in the exercise in good faith of powers conferred by contract between the partners.

(*2*) The provisions of sub-sections (*2*), (*3*) and (*4*) of section 32 shall apply to an expelled partner as if he were a retired partner.

Insolvency of a partner.

34. (*1*) Where a partner in a firm is adjudicated an insolvent he ceases to be a partner on the date on which the order of adjudication is made, whether or not the firm is thereby dissolved.

(*b*) represent himself as carrying on the business of the firm, or

(*c*) solicit the custom of persons who were dealing with the firm before he ceased to be a partner,

IX of 1872.

Right of outgoing partner in certain cases to share subsequent profits.

37. Where any member of a firm has died or otherwise ceased to be a partner, and the surviving or continuing partners carry on the business of the firm with the property of the firm without any final settlement of accounts as between them and the outgoing partner or his estate, then, in the absence of a contract to the contrary, the outgoing partner or his estate is entitled at the option of himself or his representatives to such share of the profits made since he ceased to be a partner as may be attributable to the use of his share of the property of the firm or to interest at the rate of six per cent. per annum on the amount of his share in the property of the firm:

Provided that where by contract between the partners an option is given to surviving or continuing partners to purchase the interest of a deceased or outgoing partner, and that option is duly exercised, the estate of the deceased partner, or the outgoing partner or his estate, as the case may be, is not entitled to any further or other share of profits; but if any partner assuming to act in exercise of the option does not in all material respects comply with the terms thereof, he is liable to account under the foregoing provisions of this section.

38. A continuing guarantee given to a firm, or to a third party in respect of the transactions of a firm, is, in the absence of agreement to the contrary, revoked as to future transactions from the date of any change in the constitution of the firm.

Dissolution by agreement.

40. A firm may be dissolved with the consent of all the partners or in accordance with a contract between the partners.

Compulsory dissolution.

41. A firm is dissolved—

(*a*) by the adjudication of all the partners or of all the partners but one as insolvent, or

(*b*) by the happening of any event which makes it unlawful for the business of the firm to be carried on or for the partners to carry it on in partnership:

Provided that, where more than one separate adventure or undertaking is carried on by the firm, the illegality of one or more shall not of itself cause the dissolution of the firm in respect of its lawful adventures and undertakings.

Dissolution on the hapening of certain contingencies.

42. Subject to contract between the partners a firm is dissolved—

(*a*) if constituted for a fixed term, by the expiry of that term;

(*b*) if constituted to carry out one or more adventures or undertakings, by the completion thereof;

(*2*) The firm is dissolved as from the date mentioned in the notice as the date of dissolution or, if no date is so mentioned, as from the date of the communication of the notice.

Dissolution by the Court.

44. At the suit of a partner, the Court may dissolve a firm on any of the following grounds, namely:—

(*a*) that a partner has become of unsound mind, in which case the suit may be brought as well by the next friend of the partner who has become of unsound mind as by any other partner;

(*b*) that a partner, other than the partner suing, has become in any way permanently incapable of performing his duties as partner;

(*c*) that a partner, other than the partner suing, is guilty of conduct which is likely to affect prejudicially the carrying on of the business, regard being had to the nature of the business;

(*d*) that a partner, other than the partner suing, wilfully or persistently commits breach of agreements relating to the management of the affairs of the firm or the conduct of its business, or otherwise so conducts himself in matters relating to the business that it is not reasonably practicable for the other partners to carry on the business in partnership with him;

Resolution on the Report on the Administration of the Jail Department of the Presidency of Bengal for the year 1931.

GOVERNMENT OF BENGAL.

Political Department.

Jails.

CALCUTTA, THE 8th JUNE, 1932.

RESOLUTION—No. 3347P.J.

Read—

The Report on the Administration of the Jail Department of the Presidency of Bengal for the year 1931.

Reports for the years 1929 and 1930 and the Resolutions of Government thereon.

1. For the first two months of the year 1931, the civil disobedience movement continued to make itself felt as the major problem of the Jail Department. It is true that after the end of 1930 the number of civil disobedience prisoners admitted to jail was negligible, which was in itself a reliable indication that enthusiasm for the movement was on the wane, but the department had still on its hands a large number of such prisoners sentenced to comparatively long terms of imprisonment in 1930. Therefore, although there was no longer any ground for anxiety on account of the amount of accommodation available, it was still deemed advisable to continue to keep open the special jail and additional special jail at Dum Dum, the additional special jail at Hijli and the special jail at Berhampore.

2. The process of ordinary releases had brought the number of civil disobedience prisoners down to about 2,000 at the beginning of March, when the termination of the negotiations between the Government of India and Congress led to the issue of an order for the release, after the 7th March, of all civil disobedience prisoners except those convicted for offences involving violence. District Magistrates were consulted immediately regarding all those cases and, with the least possible delay, as many as 1,850 prisoners were released, leaving only 60 who had been guilty of offences involving violence to serve out their sentences. Such was the completeness and the promptitude with which this order was carried out by Government that even the Congress Press had little comment to offer on the manner in which the releases had been effected.

3. The first result of the cessation of hostilities was the closing down in April of all the special jails. Those members of the staffs who had been temporarily employed were discharged, while those who had been brought in from other jails to strengthen the administration of the special jails were recalled to their normal duties, leaving only skeleton staffs to guard the buildings of the special jails. In November the Political Department took over the special jail at Berhampore, which was capable of holding 866 prisoners, for use as a detention camp. Before the close of the year it had become apparent that, owing to the resumption of civil disobedience, the Jail Department would in 1932 have to meet a challenge at least as strong as that of 1930, and the department was already making arrangements for the provision of additional accommodation. It has been learnt by experience that, in order to deal adequately with a civil disobedience movement, it is essential to have accommodation in special jails for at least 5,000 prisoners. Given that and sufficient time to recruit warders and mobilise other members of the staffs and sufficient money in the shape of grants, and the Jail Department can absorb the abnormal influx of prisoners without unduly upsetting its equilibrium. The regrettable result of such abnormal conditions is, of course, that all the intellect, all the experience and all the resources of the department are diverted from their real task, the modernising of our penal system, to a repeated checkmating of Congress.

4. While dealing with the question of special jails attention is drawn to the fact that, if the present rate of increase

of ordinary prisoners is maintained, it may become necessary to keep one special jail open to relieve the permanent overcrowding of other jails. The impossibility of finding funds for important schemes of the department which aim at increasing the number of and accommodation in central jails will probably drive the department to make use of a special jail for that purpose.

5. It has already been stated that the number of civil disobedience prisoners admitted in 1931 was very small, so that figures of admissions for that year relate almost exclusively to ordinary prisoners. In 1929 the number of convicts admitted to jail was 37,000, in 1930 when the figures were swollen by the civil disobedience movement the number was 66,600, while in 1931 it was 50,900. An increase of about 14,000 over the figure for the normal year 1929 may be partly explained by the economic depression prevailing in 1931, but there can be no doubt that a large portion of it is due to that unleashing of general lawlessness which always accompanies an unlawful political movement and which usually remains as an aftermath which Government has to deal with long after the movement itself has subsided.

6 In order to relieve the continued pressure on available accommodation it was found necessary to have in November a delivery of prisoners on the lines of that of the preceding year. Strict rules were laid down defining the classes whose cases could be considered for release, and 1,278 convicts in all were set free some time before the expiry of their sentences. One inevitable result of overcrowding is that it renders it impossible for Superintendents of Jails to segregate habitual prisoners from non-habituals, undertrial prisoners from convicts and adolescents from adults. Overcrowding also enhances the difficulty of maintaining that standard of orderliness and discipline which should be a feature of a well-organised administration functioning in reasonably normal conditions.

7. It is regretted that this year as in previous years this resolution must lay stress on two undesirable features of the report. These are the continued increase in the number and duration of the detention of undertrial prisoners and in the number of cases in which short-term sentences have been imposed. Even when compared with the figures for 1930, when there was some justification for delay in disposing of criminal cases, the figures for 1931 show a marked increase, while if we go back to 1926 we find that since that year this figure has been almost doubled. Any excess of undertrial prisoners over the accommodation provided for them in a particular jail involves an encroachment on accommodation reserved for convicts which persists till such time as the prisoners have been either acquitted or convicted and can be transferred to some other place where accommodation is available. Regarding the number of short-term sentences it will suffice to record that in 1929 the number of persons sentenced to terms of imprisonment of less than one month was 6,700, in 1930 it was 8,200 while in 1931 it had still further advanced to 9,300. Such sentences have obviously no penal effect, they introduce to the undesirable environment of jail persons who should if possible be dealt with otherwise, while they impose on the jail staff a burden of work out of all proportion to their importance. These features have often been dealt with in previous resolutions and must again be brought to the notice of the Judicial Department.

8. There has been in 1931 a gratifying falling off in the number of convicts of less than 16 years and also of youthful convicts between the ages of 16 and 21. The high figure for last year was due to Congress propaganda which induced many children and young boys to court imprisonment.

9. The Borstal School at Bankura, in spite of lack of funds and shortage of staff, continued, with the support of its energetic managing committee, its enlightened work of reforming youthful prisoners. The school provides classes in the vernacular languages, arithmetic and also in industrial subjects such as weaving, tailoring, book-binding, carpentry, laundry and gardening. Unfortunately the number of orders for goods received from Government departments and the public has not sufficed to keep the industrial classes busy, and it is hoped that in future there will be an improvement in this respect so that the boys may be kept engaged on instructive

and useful employment. The After-care Association, although faced with much apathy, on the part of the general public, has given its devoted and ungrudging assistance to the Borstal School in its efforts to find permanent employment for boys who have passed its course. It is gratifying to record that, as the result of those efforts, the major portion of the boys have been reclaimed and given a good start on the path to useful citizenship.

10. Trade depression which made itself felt in the restriction of the sale of goods at the Borstal School produced similar results on the manufacturing side of the Jail Department. The total amount earned in 1931 was only Rs. 3,37,000 compared with Rs. 4,48,000 in 1930. This drop was due to the paucity of the orders received from jails and other departments in the Presidency.

11. The most notable figure under the head "Expenditure" was Rs. 30,27,000 for guarding and maintaining prisoners, which was three lakhs lower than the figure for 1930, while the amount spent on dietary in 1931 was about 2½ lakhs less than in 1930. These substantial decreases were due partly to the fall in the number of prisoners and partly to lower prices of foodstuffs.

12. There was an appreciable falling off in the number of punishments inflicted upon warders. This is a good sign, but in order to ensure a contented warder staff it is desirable that the scheme for providing them with married quarters should not be unduly delayed for lack of funds.

13. As compared with the previous year about 2,000 fewer punishments were imposed on prisoners. This was not due to any improvement in behaviour but merely to the decrease in numbers of those imprisoned. Only on four occasions was whipping resorted to for jail offences.

14. In 1931 the death rate per mille was 11·5, which is a more satisfactory figure than that achieved in any previous year except 1930, when it attained the abnormally low level of 9·30. Such results are proof of the way in which the Inspector-General and each Superintendent devote their energies without reserve to the maintenance of a high standard both of health and sanitation. The figures in themselves are sufficient refutation of those biassed and misinformed allegations of neglect and maltreatment of prisoners which so often appear in irresponsible sections of the Press. A scheme has been drawn up for ridding the Jessore Jail and its immediate neighbourhood of malaria, but owing to lack of funds the scheme has been temporarily held in abeyance.

15. As in previous years every facility has been accorded to prisoners to enable them to observe their respective religious practices as far as this was consistent with the observance of existing rules and the maintenance of discipline. In pursuance of this policy Hindu and Muhammadan honorary religious instructors have been permitted to visit prisoners on Sundays and leading festivals in order to impart moral teaching and spiritual guidance.

16. Lt.-Col. R. E. Flowerdew, I.M.S., assumed charge as Inspector-General of Prisons on the 9th March 1931, and has since then had to deal with a situation fraught with much difficulty. The Superintendents and their staffs have, particularly at the commencement and the conclusion of the year under report, been subjected to a strain almost as severe as that of 1930. They have performed their tasks with patience and devotion to duty and the Governor in Council has found particular pleasure in reading the names of those officers whose outstanding records of service have earned them special mention in the report of the Inspector-General.

DARJEELING, THE 6TH JUNE 1932.

RESOLUTION—No. 2426Pl.

In resolution No. 281Pl., dated the 22nd January 1931, which was published in the *Calcutta Gazette* of the 22nd January 1931, Government announced that they would examine in detail the recommendations of the Committee appointed in September 1930 to consider the question of limitation and regulation of motor traffic on the Darjeeling Hill Cart Road and invited at the same time public criticism of those recommendations. The proposals of the Committee have since been examined by Government in the light of the observations received from the public and the conclusions arrived at by Government are now published for general information. The recommendations of the Committee are summarised in paragraph 7 of their report, and the decisions of Government on them are as follows:—

(*a*) The number of motor-lorries as defined in rule 2 (*14*), Calcutta Motor Vehicles Rules, whether public or private, plying on the Darjeeling Hill Cart Road should be limited for the time being to 40, including those already plying; but the position should be reviewed at the end of twelve months.

This involves amendment to the Motor Vehicles Rules, and Government propose to give effect to this recommendation subject to further consideration of the views of the public and the individuals likely to be affected thereby.

(*b*) Requires no orders.

(*c*) Regulation of the hours of running of lorries on the through run.

The same action is being taken as in the case of recommendation (*a*).

(*d*) One-way traffic through Kurseong Bazar.

This has been examined but found to be impracticable.

(*e*) Continuation of present system of proceed orders.

This has been accepted, at any rate for the time being.

(*f*) Erection of sign-posts at stations where proceed orders are to be taken.

This has been accepted.

(*g*) Down-going cars when taking "proceed orders" at Tung railway station to state whether or not they are going past Kurseong. Up-going cars should give similar information at Mahanadi railway station.

This has been accepted.

(*h*) The appointment of a special police sergeant to be expedited.

This has been accepted in principle but must await provision of funds.

(*i*) The maximum overhang for motor-lorries and motor-buses to be limited as regards the hill roads of the district to 7/24ths of the overall length as in rule 54 (*a*) of the Calcutta and Howrah Motor Vehicles Rules.

This involves amendment to the Motor Vehicles Rules, and Government propose to give effect to this recommendation, subject to further consideration of the views of the public and the individuals likely to be affected thereby.

(*j*) Local authorities to be empowered by rule to fix maximum fares for passenger traffic with reference to rule 38 of the Bengal Motor Vehicles Rules.

This has not been accepted as the opinion of the local officers is against the proposal and Government are not convinced that there is at present any necessity for such a rule.

(*k*) Rule 49 (*ii*) of the Bengal Motor Vehicles Rules should be amended to read—

"Motor vehicles not exceeding 35 cwts. per axle when loaded, and not exceeding 3½ tons total weight when loaded, etc.," if and when the bridges and culverts have been strengthened for the purpose. This work to be taken in hand as soon as possible.

Government are not satisfied that it is advisable to increase the maximum loaded weight of motor cars using the cart road, and in any case the proposal involves the provision of funds for strengthening bridges and culverts, which are not at present available.

(*l*) Two more weigh-bridges to be provided, one at Ghum and one at Kurseong.

This is accepted but the work cannot be undertaken until funds are available.

(*m*) No person to be allowed to drive a motor-bus or motor-lorry in the Darjeeling district without passing a special test. The fact of passing this test to be noted in the driving licence.

This has been accepted by Government and incorporated in the rules by notification No. 115Pl., dated 9th January 1932.

(*n*) The Government contribution to the railway for administering the control system to be raised to Rs. 10,000 per annum.

This is still under consideration.

(*o*) This year's allotment of Rs. 69,660 for maintenance is inadequate and the annual allotment for the ordinary maintenance of this road not including a storm damage repair or improvement should not be less than Rs. 2,500 a mile.

(*p*) The programme which has already been drawn up for tar-surfacing the whole of the road should be carried through without interruption.

(*q*) It is essential that money should be found for strengthening bridges and culverts.

(*r*) Rupees 30,000 could be spent economically every year over a long period on improvement and this sum should be provided annually for the purpose.

These four preceding recommendations have been accepted in principle but must await provision of funds.

(*s*) The collection of tolls would be difficult and expensive and inconvenient to the public.

Government agree with this conclusion.

(*t*) A special registration fee of Rs. 100 a year or Rs. 30 a quarter should be imposed on all motor vehicles plying for hire on the cart road, the proceeds to be devoted exclusively to the improvement of the road.

Government are unable to accept this, at any rate before they have had some experience of the working of the Bengal Motor Vehicles Tax Act, 1932, under which all motor vehicles will be taxed.

(*u*) Fines from prosecutions under the Motor Vehicles Act should be earmarked for the improvement of the road.

Government are unable to accept this as a sound or practicable proposal.

(*v*) No special fee to be realised from private cars.

This is accepted.

(*w*) The Government of India should be moved to allow a substantial sum from the Road Development Fund for the improvement of this road.

Government are unable to accept this as road development funds have so far only been allotted to through arterial roads and there is no likelihood of any sums being allotted for the Darjeeling Hill Cart Road.

Order—Ordered that the resolution be published in the *Calcutta Gazette*, and that a copy be forwarded to all interested in this matter.

Appendix No. 27.

(Fundamental Rules 116 and 117.)

Government of India, Finance Repartment, resolution No. F. 81-R.I./24, dated the 11th February 1929.

In supersession of the rates of contribution for pension and leave-salary, fixed in Government of India, Finance Department, letters No. 64-E.B., dated the 27th January 1922, and No. F. 81-C.S.R./24, dated the 4th August 1924, for officers other than military officers in foreign service, the Governor-General in Council is pleased to prescribe, with reference to Fundamental Rules 116 and 117, as amended by the Secretary of State in Council in his Resolution, dated the 5th September 1928, and published with the Government of India, Finance Department, resolution No. F.81-R.I./24, dated the 1st November 1928, the rates of contributions shown in the Annexure to this Appendix. The general principles on which the revised rates have been calculated are explained below.

2. The rates of contribution for pension have been based on the pensionary benefit admissible to an officer according to the service or the grade to which he belongs instead of on the actual pay drawn in foreign service, as was the case with the rates which are now being superseded. The pensionary benefit admissible to a member of the Indian Civil Service has been taken at £1,000 per annum, which is the amount of full pension earned by him after 25 years' service; and to a member of any of the Superior Civil Services other than the Indian Civil Service, Rs. 8,800 per annum, which is made up of Rs. 7,000 earned by him as ordinary pension after 30 years' service, and Rs. 1,800, the estimated amount of additional pension, which is earned on the average by members of these services who are transferred to foreign service. The pensionary benefit admissible to a member of a Provincial or Subordinate Service has been taken to be one-half of the maximum pay of the grade substantively held by him in Government service. The reason for calculating the rates of contribution in respect of members of these two classes of services in a manner different from that adopted in the case of other services is that in their case pension is not subject to any fixed maximum. The rates have been calculated in sterling where the pension is a sterling pension or is payable in sterling at a privileged rate of exchange, and the calculations have been so made as to provide a sliding scale of contribution according to length of service roughly parallel to the annual increase of pay in Government service.

3. The rates of contribution for leave-salary have been calculated, as before, on the basis of actual pay drawn in foreign service. The increase in these rates is due to the fact that, when the previous rates were calculated, the more liberal leave rules of 1920 and 1922 had just been introduced, and there were no data on which to base an estimate of the amount of leave which an officer would normally take under these rules. It has now become possible to gauge with fair accuracy the amount of leave taken by officers of the various services, and the revised rates are based equitably on recent experience.

4. The rate of interest adopted in the calculations is 4½ per cent. per annum, and the rates of mortality assumed for the various classes of Government servants are based on expert actuarial advice.

5. The revised rates take effect from the 1st March 1929. The question, however, of the rates at which contribution for pension will be recovered in the case of Government servants transferred to foreign service before the 5th September 1928, who do not belong to the Superior Services and who retire either directly at the end of their present sanctioned term of foreign service or within three years of its conclusion and are entitled, in accordance with the provisions of the old Fundamental Rule 116, to a pension calculated wholly or partly, as the case may be, on their pay in foreign service, is still under consideration, and the decision arrived at will be announced in due course.

6. The rates of contribution for pension and leave-salary in respect of military officers in foreign service are at present under revision, and will be promulgated as soon as possible.

7. A Government servant who is a subscriber to a Contributory Provident Fund and who is transferred to foreign service will, if he is allowed to retain that privilege, continue to pay such monthly subscriptions as he would have paid from time to time had he not been transferred to foreign service. The foreign employer, or the officer himself, according to the arrangement made under clause (*c*) of Fundamental Rule 115, will in addition pay, at such times as Government may prescribe in each case, a contribution equal in amount to what Government would have contributed to his account in the fund had he not been transferred to foreign service.

(1) (*i*) The term "active foreign service" used in the Annexure is intended to include the period of joining time which may be allowed to an officer both on the occasion of his proceeding to and reverting from foreign service, and accordingly contributions are leviable in respect of such periods.

(*ii*) "Length of Service" means the total period running from the date from which service for pension commences or is likely to commence, including service counting for pension under articles 370 and 371, Civil Service Regulations.

(*iii*) The sterling rates of pension contribution shown in the Annexure should be converted into Indian Currency at the uniform rate of 1*s*. 6*d*. to the rupee.

(*iv*) The revised rates of contributions are intended to apply with effect from the 1st March 1929 to all Government servants transferred to foreign service on or after the 27th January 1922, subject to the exception mentioned in paragraph 5 of this Appendix. In this connection attention is invited to the Government of India, Finance Department, letter No. 1391-C.S.R., dated 17th August 1923 (*vide* item (1) of "Government of India's decisions" under Fundamental Rule 109), according to which an extension of the period of foreign service on or after the 1st January 1922 is treated as a fresh transfer for the purposes of Fundamental Rule 109.

(*v*) Under Fundamental Rule 116, the rates of contributions for pension and leave-salary fixed in Government of India, Finance Department, letters No. 64-E.B., dated the 27th January 1922, and No. F.81-R.I./24, dated the 4th August 1924 [items (1) and (2), of "Government of India's orders" under Fundamental Rule 116], are hereby prescribed as the rates applicable during the period 5th September 1928 to 28th February 1929.

(*vi*) In the case of a temporary Government servant who is transferred to foreign service, it is for the Local Government concerned to decide whether or not to recover pension contribution having regard to the probabilities of the Government servant qualifying for a pension. If it is decided to recover such contributions they should be calculated with reference to his length of service in the following manner:—

(*a*) if he is on a time-scale of pay, on the maximum of time-scale, and

(*b*) if he is on a fixed rate of pay, on that pay.

In such cases the recovery of contributions for leave-salary does not present any difficulty, the amounts being calculated on the pay actually drawn in foreign service.

(Government of India, Finance Department, letter No. F.I.-XI-R.I./29, dated the 17th May 1929.)

(2) The Governor-General in Council has decided that when a Government servant is transferred to foreign service, or when the period of foreign service of a Government servant is extended, it should be stipulated that contributions for pension and leave-salary or for pension alone, as the case may be, will be recoverable at the rates in force from time to time in accordance with orders issued under Fundamental Rule 116.

(Government of India, Finance Department, No. F.-1-XXIV-R.I./29, dated the 23rd August 1929.)

The maxima rates of pay prescribed in paragraph 3 of the Government of India, Finance Department, letter No. F.-81-C.S.R./24, dated the 4th August 1924 [item (2) of the "Government of India's orders" under Fundamental Rule 116] do not apply to the revised rates of contribution for pension and leave-salary announced in the Government of India, Finance Department, resolution No. F.-81-R.I./24, dated the 11th February 1927.

(Government of India, Finance Department, No. F.-I-XI-R.I./29, dated the 6th July 1929.)

(4) the Government of India have now considered the question referred to in paragraph 5 of this department resolution of the 11th February 1929—the consideration of which was deferred till a settlement was effected with the Government of Iraq—and have decided that on the analogy of the settlement made with that Government contribution for pension should, in the case of officers belonging to the category mentioned in that paragraph and serving elsewhere than in Iraq, also be recovered, with effect from the 1st March 1929, in accordance with the rates prescribed in that resolution. In respect of the period prior to the 1st March 1929 it is not proposed to make any adjustments with other foreign employers, whether in or out of India of contributions in respect of Government servants lent to them.

(Government of India, Finance Department, No. F. 81-R.I./24, dated the 4th June 1931.)

Page 190—F. R. 127.—*Insert* the following under this rule:—

(1) In consequence of the amendment of old Fundamental Rules 116 and 117, the words "Rule 117" in Fundamental Rule 127 should have been altered to "Rule 116" with effect from the 5th September 1928, and steps will be taken to have this amendment made as early as possible. Pending the amendment, the rates of contributions to be levied under Fundamental Rule 127 shall, with effect from the 5th September 1928, be those prescribed under new Fundamental Rule 116.

(Government of India, Finance Department, letter No. F.I.-XI-R.I./29, dated the 17th May 1929.)

(2) As regards pension contribution, the Governor-General in Council has decided that in the case of members of the Indian Civil Service, the amount to be recovered as contribution should be the average of the rates prescribed in columns 2 and 3 of the first table in the Annexure to the Government of India, Finance Department, resolution No. F.-81-R.I./24, dated the 11th February 1929 [section I of the Annexure to the Appendix No. 27], and in the case of members of other Superior Services, the average of the rates laid down in columns 4 and 5 of that table.

In the case of members of Provincial/Subordinate Services, a fraction of the total maximum monthly pay of all the sanctioned posts equal to the average of the percentages, laid down in column (2)/(3) of the table in section II of the Annexure to the Appendix No. 27, should be levied as contribution.

As regards contributions for leave-salary, the rate to be applied in calculating the amount to be levied as contribution should be the average of the rates prescribed for officers subject to the special and ordinary leave rules.

(Government of India, Finance Department, No. F.I.-XI-R.I./29, dated the 17th June 1929, and even No., dated the 4th September 1929.)

(5) (*a*) The additions made before the 1st August 1913 are subject to the rates prescribed in the original Fifth Edition of the Civil Service Regulations even though the incumbents may change or any further additions be made to the additional establishment—*vide* Note 3 to article 783, Civil Service Regulations.

(*b*) The rates of contributions applicable to the additions made on or after the 1st August 1913 and before the 27th January 1922 are those prescribed in Articles 769 and 770, Civil Service Regulations (Fifth Edition—Reprint), irrespective of any change of incumbents or further additions to the additional establishment.

(*c*) The additions made on or after the 27th January 1922 are subject, up to the 28th February 1929, to the rates laid down in Government of India, Finance Department, letters No. 64-E.B., dated the 27th January 1922, and No. F.81-C.S.R./24, dated the 4th August 1924 [*vide* items (1) and (2) of "Government of India's orders" under Fundamental Rule 116], and thereafter to the rates announced in Government of India, Finance Department, resolution No. F.81-R.I./24, dated the 11th February 1929 (*vide* Appendix No. 27) or any revised rates which may be prescribed from time to time.

(*d*) In all cases, renewal of sanctions to additions to regular establishments should be treated as new sanctions.

(Government of India, Finance Department, letter No. F.-I-XI-R.I./29, dated the 30th July 1929).

Pages 186-88—F. R. 116.—*Number* the existing Audit Instructions as (1) and *insert* the following as (2):—

(2) When a Government servant is transferred to foreign service, or when the period of foreign service of a Government servant is extended, it should be stipulated that the contributions for pension and leave-salary or for pension alone, as the case may be, will be recoverable at the rates in force from time to time in accordance with the orders issued by the Governor-General in Council under Fundamental Rule 116. Similarly, if the officer is on non-pensionable footing and subscribing to a contributory provident fund, and if he is allowed to retain this privilege while in foreign service, the orders should specify the arrangement made with reference to paragraph 7 of the resolution of the Government of India in the Finance Department, No. F.81-R.I./24, dated the 11th February 1929 (Appendix No. 27), and state that these will be subject to amendment consequent upon any revision of the orders contained in that paragraph.

M. HIDAYET HOSAIN,

Registrar, Board of Central Madrasah Examination, Bengal, and Principal, Calcutta Madrasah.

Chittagong Division.

Chittagong, the 16th June 1932.

Rules for the guidance of private candidates for the Matriculation Examination of 1933.

The following rules for the guidance of private candidates for the Matriculation Examination are published for general information.

1. Private students are those who have not attended any recognised or unrecognised school for at least one year previous to the examination. The term "private students" includes *bonâ-fide* school-masters.

2. Private students must appear at the Test Examination of one of the following institutions on the dates mentioned below:—

Comilla Zilla School, Noakhali R. K. Zilla School, Chittagong Collegiate School and Rangamati High English School.

Date of examination—5th, 6th, 7th, 8th and 9th December 1932.

Female candidates are not required to undergo any Test Examination.

3. Each private student will pay a fee of Rs. 5 to the head of the institution in which he appears for the Test Examination. No private student will be admitted to the Test Examination unless he is accompanied for the purpose of identification by some person known to the headmaster of the institution in which he appears.

4. Application for permission to appear at the Test Examination must be sent in time in duplicate in the enclosed form so as to reach this office not later than the 15th November 1932.

N.B.—A student who failed to pass or appear at the annual examination for promotion to class X at the end of the session 1931 and then left the school can, under no circumstances, be allowed to appear at the Test Examination.

5. The Inspector on being satisfied will grant necessary permission and return the application, which will then be the candidate's passport for admission to the Test Examination.

6. Every candidate must deposit his fee for the Test Examination with the headmaster of the institution in which he intends to appear, at least 15 days before the date of that examination. The headmaster will deposit the amount realized by him into the local Treasury and forward a copy of the Treasury chalan to this office. He should also submit to this office an account of the charges incurred by him (including remuneration to examiners) for conducting the examination of private candidates, together with vouchers in support of the charges, on receipt of which the Director of Public Instruction will be moved to sanction the expenditure.

7. The headmasters of the institutions named in paragraph 2 above should direct private students who satisfy the test to appear before them in due time, with their applications for admission to the Matriculation Examination, and to sign them in their presence. They will then grant the necessary certificate and forward the applications to the Inspector for countersignature, after which they will be sent by the Inspector direct to the candidates.

8. In no circumstances should the fee for the Matriculation Examination be sent to the Inspector's office. It should be sent to the Controller of Examinations, Calcutta University, by the candidates themselves, together with the countersigned applications.

9. Private students must understand that the Test Examination of any school other than those named above will not be accepted by the Inspector.

10. The Matriculation Examination will be held in March 1933, the exact dates of which will be notified by the University.

11. Applications and fees for admission to the Matriculation Examination must reach the office of the Controller of Examinations on or before the date to be fixed by the University.
